KEY FEATURES

Robot Storage Cabinet

A mobile storage cabinet designed to work perfectly to store your robots and parts. The cabinet is made of maple plywood and has swinging doors that have 3-point locking handles. The interior has two sections; the left-hand section has two pull out drawers with full extension glides for storing completed or partially built robots. The right-hand section has one fixed and four adjustable shelves. The cabinet comes with ten totes and includes heavy duty locking casters. Robots are not included with the cabinets.

- Four locking casters with weight capacity of 350 lbs. per caster
- Five totes measuring 13-1/2"W x 19"D x 4-1/4"H
- Five nail box compartment totes measuring 5-1/2"W x 10-1/2"D x 2-1/2"H
- Weight: 303 lbs.
