

- A. **Sheldon VXP-5024M Robot Storage Cabinet with VEX Logo:**
50"W X 24"D X 53"H
1. The mobile storage cabinet is designed to store robots and parts. The cabinet is made of maple plywood, has swinging doors that have 3-point locking handles for security, an earth-friendly UV finish, and rolls on four 4" heavy-duty locking, swivel casters.
 - a. The case assembly consists of 3/4" maple plywood end panels and back panel, 3/4" maple plywood vertical divider panel, 3/4" x 2-1/2" solid maple top front and back rails, 1" maple plywood bottom panel, and a 1" applied maple plywood top.
 2. The interior has two sections; the left hand section has two pull out shelves with full extension slides for storing completed or partially built robots. The right hand section has fixed bottom panel and four adjustable shelves, and is provided with five tote trays, 13-1/2"W x 19"D x 4-1/4"H, and fifteen nail box compartment tote trays, 5-1/2"W x 10-1/2"D x 2-1/2"H.
 - a. Each 1/2" maple plywood roll-out shelf assembly has 2-1/2" plywood sides, back, and bottom. The roll-out shelf assembly is mounted on heavy-duty full extension slides, and holds up to an 18" square robot. Robots are not included.
 3. This cabinet is provided in Maple only.
 4. See **sheldonlabs** Sales Sheet for available option that may be specified.
 - a. Cabinet available without VEX Logo.
