

- A. **Sheldon VXU-6232 VEX U Robotics Cabinet with VEX Logo:**
62"W X 31"D X 42-3/4"H plus 8" rear hinged top extension. (39"D overall)
1. The mobile workbench has two robot storage compartments (robots not included). Constructed of maple plywood, with an earth-friendly UV finish.
 - a. The case assembly consists of 3/4" maple plywood end panels and back panel, 3/4" x 2-1/2" solid maple top front and back rails, 1" maple plywood vertical divider panel, and a 1" maple plywood bottom panel.
 2. Each compartment has a lower roll-out shelf that holds up to a 24" square robot, and a separate upper rollout drawer with a thick customizable foam insert (included) to stores tools (not included). Each 1/2" maple plywood roll-out drawer assembly has 2-1/2" plywood sides, front, back, and bottom. Each 1/2" maple plywood roll-out shelf assembly has 2-1/2" plywood sides, back, and bottom. Each drawer and shelf assembly is mounted on heavy-duty full extension slides. Each 3/4" maple plywood compartment door is provided with a pivoting cam lock, latch, and scuff plate to accept a combination lock (lock not included).
 3. The workbench is provided with a 62"W x 31"D x 1-1/2" thick ShopTop work surface, which sandwiches a medium density fiberboard between two layers of 1/2" high-density particleboard, creating a non-conductive and splinter proof top. The ShopTop is provided with an additional 62"W x 8"D hinged extension that can be raised and locked into place with three support brackets, providing an overall depth of 39". Lowering the extension allows the unit to fit through standard doorways. Six (6) 4" heavy-duty, locking, swivel casters are provided on the unit for easy movement.
 4. The Workbench is provided in Maple only.
 5. See **sheldonlabs** Sales Sheet for available options that may be specified.
 - a. Cabinet available without VEX Logo.
